cession.

Wednesday morning at 2:30 o'clock, while the second extra train, No. 83 freight, on the N. Y., P. & O. was going east, nine miles west of Ashland, O., the engine expioded, killing James Murphy, fireman, and Al Graham, ongineer. A portion of Murphy's body was thrown about fifty rods south of the track into a cornfield, while his iegs and arms were thrown north of the track about the same distance. Al Graham's body was thrown north of the track some distance. Ilis head was crushed and his body terribiy mangled. The train was as oil train, drawing twenty-one ears loaded with crude oil. The eagine oxpicdtag eaused the oil to take fire and eight of the oil cars expioded with for a quarter of a mile around. The fences and every thing combustible within the distance was hurned. A construction train came up from behind and saved the remaining coai oil cars. The The Solid Vestibule Trains train had just entered a cut and was the injury of several persons and the going ahead at full speed both engines

Pimples Blotches

ARE FVIDENCE That the blood is wrong, and that nature is endeavoring to throw off the impurities. Nothing is so beneficial in assisting nature as Swift's Specific (S. S. S.) It is a simple regetable compound. Is harmless to the most delicate child, yet it forces the poison to the surface and eliminates it from the blood.

I contracted a severe case of blood poison that unfitted me for buriness for four years. A few bottles of Swift's Specific (S. S. S.) cured me.

HE SEASON IS AGAIN AT hand when mothers and fathers have to puzzle their minds about something nice for their Boys to wear to school. This Fall we have tried to take the worrying away from parents by laying in such a handsome stock of BOYS' and CHILDREN'S CLOTHING of

every description that all you have to do is to come to our store, bring the boys with you, and take them away all fitted out for school. These garments are subject to individual taste. We have three well-defined styles, however, which experience has shown to be the best, all things considered, for convenience and durability—these are the two piece suits with pleated coats, either with or without belt, and buttoning o the neck or with lapels, and the cutaway sack

coat with vest-all these suits having knee pants, just the thing

for a school boy. . . . For the larger boys and young men about the same slyle garments are used as for men. . . . Call and examine our stock before you purchase, and we are confident we will sell you. . . In the future, as in the past, we expect to give every one fair treatment and honest goods, thereby building I np a reputation that will be lasting
